Eligibility

a) Any Registered Medical Practitioner registered with the Goa Medical Council.

Course background

The deteriorating statistics on child sex ratio have show that urgent steps are needed in the country to protect the unborn female Child. So the Government is making every possible effort to make the Preconception and Pre-natal Diagnostic Techniques (Prohibition of sex selection) Act 1994 more effective and stringent. As part of this effort, PC & PNDT rules were amended to substitute rule 3 (3) (1) 6) with mandatory six month training in ultrasonography to regularize training in ultrasonography for MBBS docotors. Notified vide GSR 14 (E) dated 9th January 2014 this course is designed to equip individual with the knowledge, professional skills, attitudes and clinical competencies to use ultrasound imaging in an appropriate and safe manner.
